

## II. REMARKS

Applicant gratefully acknowledges the Examiner's Interview conducted between Examiner Eric Coleman (571-272-4163) and Applicant's attorney, Wesley Ashton, on July 21, 2010 regarding the above-captioned application. The Examiner contacted Applicant's attorney to inform him that the Examiner has entered and considered Preliminary Amendment (A) filed on April 27, 2006. Therefore, claims 1-6, 8, 10 and 11 are pending.

The Examiner informed Applicant's attorney that claims 1-6, 8, 10 and 11 have been allowed. However, the Examiner objected to Applicant's specification because it allegedly does not include section headings in the required order in accordance with MPEP § 608.01(a).

With the above amendments, the specification has been amended to incorporate the International and Japanese priority applications by reference in accordance with Preliminary Amendment (A) filed on April 27, 2006, and the specification has been amended to incorporate the required section headings, and to rearrange sections so that the specification complies with MPEP § 608.01(a). A substitute specification in compliance with 37 C.F.R. 1.125 is attached to incorporate the changes discussed above. The attached substitute specification contains no new matter.

The claims have not been amended; however, a listing of claims as amended by Preliminary Amendment (A) is included with this paper.

The Abstract of the Disclosure has been amended so that it is in compliance with MPEP § 608.01(b).

The present amendment adds no new matter to the above-captioned application.

**III. CONCLUSION**

Claims 1-6, 8, 10 and 11 have been allowed for the reasons of record. The attached Substitute Specification addresses all of the minor informalities as to form raised by the Examiner.

For all of the above reasons, claims 1-6, 8, 10 and 11 are in condition for allowance, and a prompt Notice of Allowance is earnestly solicited.

Questions are welcomed by the below-signed attorney for Applicant.

Respectfully submitted,

*GRIFFIN & SZIPL, P.C.*
